

# Larry Buck

## Construction Consultant

[lbuck@haagglobal.com](mailto:lbuck@haagglobal.com)

Mr. Buck is a Building Consultant with over 20 years of residential and commercial construction experience. Owning and operating a general construction company for over 20 years contributed to Larry's vast understanding of the construction industry. He has also held the position of superintendent for a large commercial and light industrial company overseeing and ensuring health and safety project plans, project and employee/subcontractor management, and budget/financial management. Mr. Buck has been a commercial and residential property adjuster for the last 8 years and currently holds licenses in several states including Texas, Minnesota, Indiana, Florida, and Georgia. He is also NFIP, Nationwide, and USAA certified. Larry has inspected residential and commercial structures for storm-related damage resulting from hurricane Sandy, Harvey, and Irma and has a strong understanding of damages resulting from these types of catastrophic events. Mr. Buck is fluent in the use of the Xactimate, XacAnalysis, and Simsol softwares to produce comprehensive repair cost reporting.

Mr. Buck's education includes studies at Insurance Schools Inc. in Charleston WV and American Home Inspectors Training Institute in Waukesha, WI.

Mr. Buck's key strengths include the following:

- Wind and Hail Damage Assessment –Residential and commercial
- Water Intrusion
- Residential Structures
- Wood Structures
- Commercial Buildings
