

Rick Bunnell

Principal Construction Consultant

Rick Bunnell has more than 30 years of construction consulting, project management, and estimating experience. His attention to detail, construction knowledge, and ability to effectively communicate with all levels of property claims adjusters has resulted in a loyal and positive working relationship in the Dallas/Fort Worth metroplex area and throughout Texas and the Southwest. Mr. Bunnell's work ethic, judgment and decision making capabilities along with his commitment to quality service and work product, are the main attributes that the property claims industry has long recognized and have consistently depended upon since 1985. He is frequently retained by various insurance companies to provide a detailed and accurate assessment of damage and a reasonable and competitive cost of repairs in situations where the claimed cost of repairs submitted to the insurance company needs to be qualified. In addition to his assessment and estimating capabilities, Mr. Bunnell has managed a production unit, overseeing all aspects of project management, inclusive of work quality, timely completion of repairs and above all, customer satisfaction.

Mr. Bunnell earned a Bachelor's of Science degree from Old Dominion University in Norfolk, VA in Health Studies.

As a Construction Consultant with Haag, Mr. Bunnell manages restoration, construction, estimating, and loss analysis projects for clients. Please contact Rick Bunnell today to discuss your project.
